**RE: 2011 United Way Campaign**

In the past two years, we have all seen how interconnected we are. When so many people are unemployed, more families become financially unstable and the impact is felt throughout communities and regions as money tightens up everywhere.

For many years, BAC has been proud to join the AFL-CIO as a partner of the United Way. Even in these challenging times, we continue to join forces with others to advance the common good. As a result, we will persist in our efforts to advance the causes of education, decent health care and financial stability, the building blocks for a good quality of life.

Please join me in supporting the 2011 United Way Campaign and a better life for all.

Thank you.

Fraternally yours,

James Boland
